

## INNOVATION INCENTIVES

### ÁLAVA INNOVA- DIGITALIZA

- **Description/Objective:** The purpose of the call is to promote innovation and digitalization in Alava by granting subsidies on a competitive basis to those entities that carry out actions that contribute to the economic modernization and improvement of the competitiveness of the productive fabric of Alava.

The program has been designed to promote actions that improve the competitiveness of companies by supporting innovative actions created to achieve a greater introduction of advanced manufacturing, the implementation and use of digital technologies, and the diversification of their products and processes.

- **Beneficiaries:** SMEs, Self-Employed and Associations established in the Historical Territory of Alava.
- **Amount of Call:** 2.000.000€
- **Publication date:** December 2023
- **Criteria for the granting of aid:** Competitive basis
- **Department in charge:** Economic Development and Innovation Service of the Provincial Council
- **Contact:** Javier Gorbeña Mardones: [alavainnova@araba.eus](mailto:alavainnova@araba.eus) Tel.: 945181818 Ext.: 52040
- **More information:** <https://egoitza.araba.eus/es/-/alava-innova>

## FAST TRACK INNOBIDEAK

- **Description/Objective:** Support for innovation projects that help to consolidate the management and systematisation of innovation in organisations, as well as projects that help companies move towards innovation.
- **Innovation projects:**
  - Development in high TRLs (TRL 7-9) for product and production process.
  - Incorporation of technologies for product and production process.
  - Incorporation of methodologies in business processes.
  - In business models.
- **Key complementary actions:**
  - Internationalization of R&D and innovation.
  - Protection and valorisation of R&D and innovation.
- **Beneficiaries:** Industrial SMEs and related services linked to the industrial product-process, located in the Autonomous Community of the Basque Country.
- **Amount of Call:** 7.700.000 €
- **Publication date:** March 2024
- **Criteria for the granting of aid:** Successive grants
- **Department in charge:** Technology and Innovation with support of the SPRI Group
- **Contact:** Josu Ocariz: [jocariz@spri.eus](mailto:jocariz@spri.eus). Tel. 944037011
- **More information:** [www.spri.eus/innobideak/](http://www.spri.eus/innobideak/)

## HAZINNOVA

- **Description/Objective:** Support for innovation through in-kind consultancy and support for the implementation of micro-projects for product innovation and business process innovation: manufacturing, logistics, marketing and administration and finance.
- **Beneficiaries:** Companies, with a workforce of 5 or more people, located in the Basque Country and engaged in industrial activities, industry-related services, information and communications society, logistics and wholesale trade. Participating companies must not have been beneficiaries of the Innobideak and Hazitek programmes during 2019, 2020 or 2021, except for those that have only been beneficiaries of Innobideak-Kudeabide Contraste and/or Innobideak-Kudeabide phase 2 A.
- **Amount of Call:** 2.700.000 €
- **Publication date:** March 2024
